

# Advancing Climate Change Education (and Research) in Thailand: University of Phayao Activities

## Climate change education

### Courses (Using parts of materials from RCCCD)

#### School of Energy and Environment

##### Bachelor Degree

- Course 282333 Global Climate Change**  
Credits 3, Degree program B.Sc. (Environmental Science),  
No. Students 20 students/semester

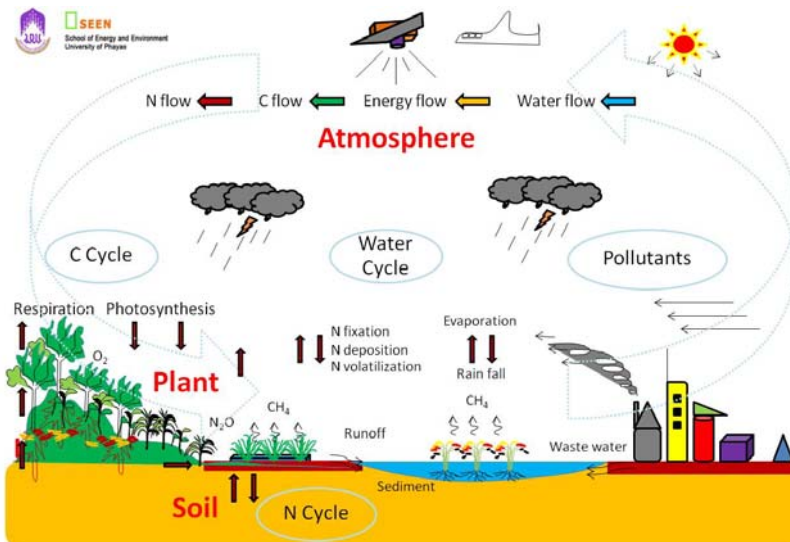

##### Master Degree

- Course 282733 Global Environmental Situation and Social Change**  
Credits 3, Degree program M.Sc. (Environmental Science),  
No. Students about 5 students/semester
- Course 297721 Climate Change and Natural Disaster Management**  
Credits 3, Degree program M.Sc. (Environmental and Eco-Community),  
No. Students 5 students/semester
- Course 283713 Climate Change Control**  
Credits 3, Degree program M.Eng. (Environmental Engineering),  
No. Students 10 students/semester

##### PhD.

- Course 299822 Climate Change: Impacts and Adaptation**  
Credits 3, Degree program Ph.D. (Environmental Technology and Management),  
No. Students 5 students/semester

## Climate change research concept

Integrated observations system concept
